DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with James Sheridan on March 22, 2005.

The application has been amended as follows:

Claims 12-18 and 20-22 have been cancelled.

Allowable Subject Matter

2. Claims 2-11 and 24-26 are allowed.
3. The following is an examiner's statement of reasons for allowance:

None of the prior art of record, alone or in combination, discloses an apparatus for performing beating heart surgery including a cannula deployed concentrically in an aorta to allow blood flow from the distal to the proximal end of the cannula, an aortic filter, a check valve distal to the aortic filter, and a coronary artery filter distal to the check valve, as set forth by the applicant.

Similarly, regarding claim 26, none of the prior art of record, alone or in combination, discloses a method of performing beating heart surgery including providing an apparatus having a cannula deployed concentrically in an aorta with a filter thereon,

wherein the filter is adapted to make a sealing engagement with the periphery of an aortic valve, as set forth by Applicant. Specifically, WO 00/44313 discloses filter (71) with extensions (70) that “cover and filter the left and right coronary ostia” [page 12, lines 8-9], but Lambrecht does not disclose that his filter *seals* with a *periphery of the aortic valve*, as set forth by Applicant.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled “Comments on Statement of Reasons for Allowance.”

Conclusion

4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
